

Loveland Center™

Brand Style Guide

Updated September 2025

PURPOSE

Loveland Center is a non-profit that supports both children and adults with intellectual and developmental disabilities throughout Southwest Florida. The purpose of this style guide is to give you the ability to correctly represent our brand and ensure consistent information across programs and locations.

This is a **LIVING DOCUMENT** and will be updated periodically to match changing brand standards.

MISSION

Loveland Center helps individuals with intellectual and developmental disabilities live their lives to the fullest.

VISION

A world where all people, regardless of their abilities, are recognized as equals at home and in their community.

IMAGE INSPIRATION

Images should be bright, easy to tell what is going on, and show people in action. Only specifically posed photos should show a group standing doing nothing.

LOGOS

Three different color options are available to select from for the logo. The stacked logo should only be used when the logo needs to fit into a rectangular area and the horizontal logo would be cut off. The white logo should only be used on top of a dark background.

ALTERNATIVE LOGOS

L♥veland Center™

L♥veland
Center™

A Solid color background behind Loveland's logo in either orientation is acceptable as long as the logo is not cut off and is legible. Loveland brand and marketing staff should approve all logo background colors before they are used. The logo can not appear directly on top of a photo or pattern.

LOGO WITH TAG LINE

Equality Through **Opportunity**

Equality Through **Opportunity**

L♥veland Center™
Equality Through **Opportunity**

Loveland's tag line should be added below our logo everywhere it is appropriate. The tagline can ONLY be used below the single height logo, and must be in Merriweather. The end of "opportunity" must be in line with the "r" from Loveland Center. It is preferred that Opportunity is in one of Loveland's main colors and in bold, but it may be in regular print in black as well.

PROGRAM & EVENT SPECIFIC LOGOS

Many of Loveland's programs and events have their own specific logo. These logos may only be used in conjunction with marketing for those specific programs. A Loveland Agency logo must accompany the program or event specific logo somewhere on the marketing material.

Physical spaces should integrate the above three colors. Spaces should be bright and cheerful without looking juvenile.

EXAMPLES: PRINTED MATERIALS

Printed materials (with the exception of specific branded content for fundraising events) should integrate the above four colors. Body text should be in black. Bright colors stand out and maintain vibrancy through the printing process.

All branded social media content (with the exception of specific content for fundraising events) should use these two primary colors only. The official Loveland newsletter and letterhead should also only include these two primary colors.
